MICRO-DEVELOPMENT GRANT ARTISTS IN COMMUNITIES PROGRAM GUIDELINES

Application Deadlines: March 10, June 10, Sept.10 & Dec.10

The Artists in Communities program is administered by the Saskatchewan Arts Board through an agreement with SaskCulture Inc. and is funded through the Saskatchewan Lotteries Trust Fund for Sport, Culture, and Recreation.

PURPOSE

The *Artist in Communities* program provides opportunities that enable community-based organizations to offer arts-related activities that are linked to local communities through partnerships with professional artists/arts professionals. These partnerships are supported in forms of projects and residencies. Projects and residencies that come out of strong partnerships between the community organization and artist, that are developed and have well planned objectives have higher success rates.

The **Micro-Development Grant** allows organizations access to small amounts of money to: build relationships with potential artists, present "experimental" introductory projects and/or assess community needs, research, and/or develop plans for longer term projects or residencies.
